Abstract	i
Permission to copy	j
1 Introduction	
1.1 Context	1
1.2 Purpose of the study	3
1.3 Objectives of the study	3
1.4 Significance of the study	4
2 Background	
2.1 Introduction	5
2.2 The older people in the new society	5
2.2.1 New attention to the older people	5
2.2.2 The number of older people	6
2.3 The older people and the new technologies	7
2.3.1 Use of the new technologies	8
2.3.2 How the new technologies can help the older people live	9
2.3.3 The role of public libraries	10
2.3.3.1 Medical model	12
2.3.3.2 Active elders' needs	13
2.3.3.3 Training courses	14
2.3.3.4 Reference service	17
2.3.3.5 Accessibility aspects	20
2.3.3.6 Policy strategy	20
2.3.3.7 Co-operation	22
2.4 The project "Nessuno Escluso"	23
2.4.1 The context	23
2.4.2 The project	23
2.4.3 The "Amici della Biblioteca" Association	24
2.4.3.1 The Association activity	25
2.4.3.1.1 Internet course	25
2.4.3.1.2 Internet on-line	26
2.4.3.1.3 Other activities	26
2.4.4 Cologno Monzese, the Public Library and the elderly	27

3. Methodology	
3.1 Introduction	28
3.2 Choice of paradigm and methods	28
3.3 Constraints	29
3.4 The research strategy	30
3.5 The research process	31
3.5.1 Literature review	31
3.5.2 The case study approach	32
3.5.2.1 Triangulation	33
3.5.2.2 Generalisation - Validation	33
3.5.2.3 Gaining entry	34
3.5.2.4 Selection	34
3.5.2.5 The case under study	34
3.5.3 Data collection	37
3.5.3.1 Focus group	37
3.5.3.1.1 Definition and purpose	37
3.5.3.1.2 Selection of topics	37
3.5.3.1.3 Questions and interview process	38
3.5.3.2 Interviews	39
3.5.3.2.1 Definition and purpose	39
3.5.3.2.2 Selection of topics	40
3.5.3.2.3 Questions and interview process	40
3.5.3.3 Diaries	41
3.5.3.4 Modes of recording data	42
3.5.3.4.1 Diary	42
3.5.3.4.2 Audio tapes for individual and group interviews	42
3.5.4 Data analysis	43

4 Interviewees "personal stories"

4.1 A's "personal story"	46
4.2 Ce's "personal story"	48
4.3 C's "personal story"	50
4.4 Ed.'s "personal story"	52
4.5 E.'s "personal story"	55
4.6 Fr.'s "personal story"	57
4.7 F.'s "personal story"	59
4.8 L.'s "personal story"	61
4.9 P.'s "personal story"	63
4.10 R.'s "personal story"	66

5	Analysis findings	
5.1	Older people's approach to the Internet	68
5.1.1	What tends to inhibit older people's Internet use	68
5.1.1.1	Technological fear	68
5.1.1.1.1	Computer fear	68
5.1.1.1.2	The mouse	69
5.1.1.1.3	Internet sites' like of clarity and simplicity	69
5.1.1.2	Personal resistance	69
5.1.1.2.1	Lack of interests/motivations - cultural background	69
5.1.1.2.2	Misconceptions regarding the Internet	70
5.1.1.2.3	Mental approach	71
5.1.2	Accessibility aspects	72
5.1.2.1	Technological aspects	72
5.1.2.1.1	Easier technology	72
5.1.2.1.2	Easier web sites	73
5.1.2.1.3	Specifically addressed web sites	73
5.1.2.2	Political aspects	74
5.1.2.2.1	The public library role	74
5.1.2.2.2	Services offered through the Internet	75
5.1.3	How the Internet can help/support the older people	76
5.2	Internet use	78
5.2.1	The approach with the computer and the Internet	78
5.2.1.1	Computer use at work	78
5.2.1.2	The first approach to the Internet	78
5.2.1.3	Computer ownership	78
5.2.1.4	Son/daughter's help	79
5.2.1.5	Previous courses	79
5.2.2	The use of the Internet in daily life	80
5.2.2.1	The daily time used to browse the Internet	80
5.2.2.2	What is searched on the Internet	80
5.2.2.3	Internet services used	82
5.2.2.3.1	On-line purchases - credit cards	83
5.2.2.4	The use of e-mails	83
5.2.2.4.1	The reasons for using the e-mail	84
5.2.2.5	Difficulties in using the computer and the Internet	86
5.2.2.5.1	Initial anxieties about the computer	86
5.2.2.5.2	Difficulties in using the Internet	86
5.3	Impact of the Internet use	87
5.3.1	Motivations to access the Internet	87
5.3.2	Positive and negative aspects of the Internet	89
5.3.3	The benefits of Internet use	90
5.3.3.1	Mental challenge, memory improvement	90

5.3.3.2	Independence and security	90
5.3.3.3	Personal satisfaction	91
5.3.3.4	Keeping up with the times	91
5.3.3.5	Pastimes	91
5.3.4	The impact of the Internet on the quality of life	92
5.3.4.1	Changes in daily life	93
5.3.4.2	New interests	93
5.3.5	The role the Internet will play in life as we get older	94
5.4	An encouragement for older people to start accessing the Internet	96
6	Conclusions	
6.1	Older people and the Internet	97
6.1.1	The resistance of older people to the Internet	97
6.1.2	Accessibility aspects	97
6.1.3	The Internet support to older people	99
6.2	The Internet use	99
7	Recommendations	
7.1	Public libraries	102
7.2	Local authorities	103
7.3	Internet providers and hardware/software developers	103
7.4	Recommendations for further research	103
8	Reflective Review	
8.1	Literatur riewiew	105
8.2	Data collection methods	105
8.2.1	Focus groups and interviews	105
8.2.2	Diary	106
8.3	Extent to which aims of the study were met	106
	Bibliography	108
Appendix 1:	Focus group guide	i
Appendix 2:	Interview schedule	ii

Figure 4.9	P's Internet weekly use	65
Figure 4.10	R's Internet weekly use	67
Figure 5.1	Internet services used	82

Acknowledgements

I would like to thank all the people involved in the project "Nessuno Escluso" who took the time to answer my questions and expressed involvement in my research. Especial thanks go to the Cologno Monzese Library staff who allowed me to conduct it and supported me ant to my supervisor, Pat Dixon, for her limitless guidance.

Declaration

This dissertation is the sole work of the author, and is developed as a thesis of the MSc International Information Studies.

Permission to copy

Discretion is given to the School of Information Studies to allow this dissertation to be copied, in whole or in part, without further reference to the author. This permission covers only single copies made for study purposes, subject to the normal conditions of acknowledgement.
